Northern Air Cargo chooses new contract agent in King Salmon

Effective December 10, 2008, Northern Air Cargo announces their new partnership with Bristol Bay Contractors as their contract agent in King Salmon. Bristol Bay Contractors will be responsible for loading and off-loading Northern Air Cargo aircraft, and for acceptance and dispersal of freight in King Salmon.

For many years Peninsula Airways has represented NAC in King Salmon. The decision to change this relationship was amicable and mutually determined between both companies. “We have always valued PenAir as a partner and we wish them great success as they turn their focus to passenger transportation.” said Margot Wiegele, NAC’s Marketing and Communications Coordinator.

NAC’s Director of Sales, Mark Liland stated, “NAC has a long history with Bristol Bay Contractors through seafood, and we look forward to working even more closely with them.”

Northern Air Cargo is Alaska’s all-cargo airline which provides service to 15 scheduled destinations including King Salmon three times per week.
